AI-SEC_2026

GLOBAL VIRTUAL CONFERENCE // 18 NOVEMBER 2026

AI-SEC GLOBAL SUMMIT 2026

THE NEW AI-DRIVEN CYBERSECURITY BATTLEFIELD

PHASE I

OFFENSIVE AI

08:00 – 10:45 AM ET

- ATTACK
- EXPLOIT
- DECEIVE

VS

PHASE II

DEFENSIVE AI

10:45 AM – 02:05 PM ET

- DEFEND
- SECURE
- GOVERN

- **KEYNOTES** — Executive Insights
- **TECHNICAL TEARDOWN** — Deep Technical Dives
- **CISO PANELS** — Peer Intelligence
- **THREAT INTELLIGENCE** — Real-World Insights
- **INTERACTIVE Q&A** — Live Audience Engagement

AI-SEC GLOBAL SUMMIT 2026

The premier executive & technical summit examining how artificial intelligence is changing both the offensive and defensive sides of cybersecurity.

18 NOVEMBER 2026
VIRTUAL EXPERIENCE

REGISTER NOW

PHASE I: OFFENSIVE AI

08:00 – 10:45 AM ET

08:00 – 08:30 AM

OPENING KEYNOTE

The AI Arms Race: State of the Threat in 2026

Definitive intelligence briefing on observed offensive AI usage across enterprise target environments.

08:30 – 08:50 AM

STRATEGIC PARTNER SESSION #1

How Adversaries Exploit Identity at Scale

Reserved for a Founding/Strategic Partner — theme-locked to identity and trust,

08:50 – 09:15 AM

KEYNOTE

Industrialized Deception: Deepfakes & Voice Cloning in Customer-Facing Channels

How adversaries scale synthetic media and real-time voice cloning against call centers, KYC flows, and digital onboarding.

09:15 – 09:45 AM

PANEL DISCUSSION

Fraud at Machine Speed: Threat Intelligence from the Frontlines of Financial Crime & Digital Commerce

Multi-source threat intel panel analyzing adversary LLM infrastructure, C2 channels, and transaction-layer fraud campaigns.

09:45 – 09:55 AM

BREAK/ VENDOR SPOTLIGHT

Virtual Coffee Break & Interactive Chat Polls

09:55 – 10:25 AM

TECHNICAL TEARDOWN

Prompt Injection & Agent Abuse in Production

Deep-dive on direct/indirect prompt injection, RAG data poisoning, and agent privilege escalation.

10:25 – 10:45 AM

CASE STUDY

Anatomy of an AI-Enabled Breach in Critical Supply Chains

A CISO's first-hand account of detection, containment, and third-party/vendor risk response.

CONTINUES ON NEXT PAGE

PHASE II: DEFENSIVE AI

10:45 AM – 02:05 PM ET

10:45 – 11:05 AM

STRATEGIC PARTNER SESSION #2 (MARQUEE SLOT)

From Detection to Trust: Rethinking Identity Verification for the AI Era

Reserved for the summit's top-tier Founding Partner — sits at the offensive→Defensive pivot, the highest-attention moment of the day.

11:05 – 11:35 AM

KEYNOTE

Securing AI: The Enterprise Blueprint

Executive framework for AI architecture, threat modeling, input/output validation, and model firewalls.

11:35 AM– 12:00 PM

TECHNICAL TEARDOWN

Securing LLMs & RAG Pipelines in Production

Engineering controls for context isolation, vector database security, and output alignment guardrails.

12:00 – 12:20 PM

STRATEGIC PARTNER SESSION #3

Operationalizing AI Governance: Lessons from the Field

Reserved for a Strategic Partner — theme-locked to governance and operational rollout.

12:20 – 12:45 PM

EXECUTIVE PANEL

Governing AI Risk Without Slowing Innovation: Compliance, Board Reporting & Regulatory Frameworks

CISOs discuss risk management frameworks, regulatory compliance, board reporting, and shadow AI governance.

12:45 – 01:10 PM

TECHNICAL TEARDOWN

The AI-Powered SOC: Automated Triage at Scale

Deploying AI agents for automated alert triage, context enrichment, and sub-second incident containment.

01:10 – 01:25 PM

CLOSING SESSION

The Next 18 Months: 2027–2028 Cyber Horizon & Interactive Q&A

Strategic roadmap and live interactive Q&A session on future offensive AI, defense automation, and global regulation.

01:25 – 02:05 PM

CLOSED-DOOR CISO ROUNDTABLE

Executive Pass Only (Private VIP Room)

THE AI SECURITY BATTLEFIELD HAS CHANGED.

The question is no longer whether AI will transform cybersecurity — but whether your organization will be ready.

• WHAT YOU'LL EXPERIENCE •

OFFENSIVE AI

- Deepfakes
- LLM Abuse
- Prompt Injection
- AI-Enabled Breaches

DEFENSIVE AI

- AI Architecture
- LLM Security
- RAG Protection
- AI SOC

EXECUTIVE INTELLIGENCE

- CISO Panels
- AI Governance
- Risk & Compliance
- Board Perspective

LIVE INTERACTION

- Lightning Polls
- Technical Teardowns
- Virtual Breaks
- Interactive Q&A

• WHAT YOU LEAVE WITH •

THREAT AWARENESS

UNDERSTAND EMERGING AI ATTACK PATTERNS BEFORE THEY HIT.

ACTIONABLE PLAYBOOKS

TAKE PRACTICAL SECURITY STRATEGIES AND FRAMEWORKS BACK TO YOUR ORGANIZATION.

EXECUTIVE PERSPECTIVE

LEARN HOW CISOS ARE APPROACHING AI RISK, GOVERNANCE AND ROI.

2027–2028 HORIZON

PREPARE FOR THE NEXT PHASE OF AI-DRIVEN CYBERSECURITY.

• SELECT YOUR PASS •

STANDARD VIRTUAL PASS

FREE

- All live sessions
- Interactive Q&A
- 30-day on-demand access
- Digital certificate of participation

EXECUTIVE CISO PASS

$49 USD

- All Standard benefits
- Private CISO Roundtable (01:25 – 02:05 PM ET)
- Executive peer networking
- AI Security Benchmark Briefings

18 NOVEMBER 2026

08:00 AM - 02:05 PM ET

100% VIRTUAL EXPERIENCE

REGISTER NOW

Limited to 200 qualified delegates

• DELEGATE & CISO REPRESENTATION FROM GLOBAL ENTERPRISES •

Microsoft · Google Cloud · aws · CROWDSTRIKE · paloalto NETWORKS · Goldman Sachs

JPMorganChase · datadog · snowflake · IBM · servicenow · accenture

• AND MANY MORE GLOBAL ENTERPRISE LEADERS •

JOIN 200 SELECT DELEGATES & 50+ CISOS DRIVING THE FUTURE OF AI SECURITY.

INSIGHTS. INTELLIGENCE. IMPACT.
